The collection of furniture offered at Homage came about in part due to our love of iconic design furniture and our dismay at the size of shop price tags.

Understanding that reproducing works of the classic designers would be the only way we could make our design dreams come true, we have endeavored to ensure that the reproductions Homage offers are of the highest quality possible.

We source our natural pigment dyed leather from Italy, our tempered Stainless steel from Korea and bring it together at our exclusive manufacturer in Shenzhen, China.

If you don't see exactly what you're after here, contact us – we'd love to help. We're constantly updating our stock and we are happy to order to your specifications. Please enquire about our office fitouts and trade accounts.

Remember, this catalogue is just a taste of what we're able to offer!
